agreement on agriculture, the Government has put in place a suitable mechanism for monitoring the imports of agricultural commodities including pulses; and is committed to providing adequate protection to the domestic producers by resorting to the various WTO compatible measures which include appropriate calibration of applied tariffs within the bound levels, imposition of anti-dumping, countervailing duties and safeguard action under certain specified circumstances. As a sequel to these measures, during the year 2001-2002, the import duty on pulses has been raised from 0 percent to 5 percent. The Government has also been implementing the scheme of Minimum Support Prices (MSP) for safeguarding the interest of domestic farmers. Under this Scheme, the Government announces, each season, the MSPs for major agricultural commodities including pulses (Arhar, Moong, Urad, Gram and Masur). Lentil has, recently, been covered under the MSP Scheme. The Prices such fixed, not only cover the cost of production, but also provide for a reasonable profit to the farmers. National Agricultural Cooperative Marketing Federation of India Ltd. (NAFED) which is the designated central nodal agency for the procurement of pulses, intervenes in the market whenever market prices rule below the MSP fixed by the Government.
